

IPE Leverages Industry and Client Experiences to Deliver Incentive Payroll v1.5 Software

Shop floor and payroll solutions provider Incentive Payroll Experts is leveraging its deep industry experience and fast-growing client partnerships to deliver Version 1.5 of its popular Incentive Payroll application. The upgraded software adds a host of new functional, reporting, systems integration and security features.

Incentive Payroll Experts LLC (www.incentivepayroll.com), developer and marketer of piecework and incentive payroll software solutions, announces general availability of its latest **Incentive Payroll (IP) v1.5** software. Already fully deployed at several client sites, the new release brings a wide range of new and enhanced functional, reporting, systems integration and security capabilities to the popular shop floor data collection and gross payroll calculation software.

According to IPE Managing Partner **Brad Mikes**, *"We are very pleased with the positive market response we have received since launching the IP solution. The close relationships we have with our diverse range of apparel, accessory, industrial and specialty manufacturing customers has enabled us to broaden and accelerate our development roadmap. The new IP v1.5 is a perfect example of the power of combining industry experience with customer-driven development."*

The Incentive Payroll (IP) software application enables sewn products and other incentive-based manufacturers to manage their shop floor and calculate gross piecework payroll. Based on the Microsoft® .Net® platform, the system features a wide range of Production Management, Payroll/HR and Reporting capabilities. Available integrated modules include Ticket Printing (IP-TP), Ticket Scan (IP-TS), Time Clock (IP-TC), and In-Line Quality Control (IP-QC). Key new features included in IP v1.5 include:

- New CarePro care label printing module (IP-CL)
- Process logging, Record creation/modification tracking
- Automated cut/bundle removal
- Expanded data fields for production scheduling
- Enhanced integration routines
- Milestone tracking for integrated ERP
- Enhanced security features

About Incentive Payroll Experts

Incentive Payroll Experts (IPE) was formed in 2010 to fill the gap in incentive payroll and shop floor control (SFC) solutions for the apparel, sewn products and other industries that utilize incentive pay systems. The IPE leadership team brings more than 70 years of combined experience in incentive payroll solutions to simplify deployment, use, and maintenance of piecework payroll activities. This experience is coupled with flexible and affordable IPE software solutions to ensure IPE clients the speed, accuracy and continuity they require for successful data collection, processing and payroll calculations.

Incentive Payroll Experts maintains its headquarters in Greenville, South Carolina and a research, development and support office in Utica, New York. For more information, visit:
